FOSTER/ADOPTION TERMS

Foster/Adoption Process: The foster/adoption process includes a completed application, a check of the foster parent/adopter personal and vet references, permission from the landlord (if the foster/adopter rents), possibly a phone interview, and a home visit with all family members and pets present. When feasible, a meet and greet with the foster/adopter's potential pet is also recommended if the dog the individual/family is adopting is over six months old. If the individual/family are adopting with 180 Degree Rescue, the individual/family will also be required to sign a contract which stipulates that if for any reason they can no longer keep your new pet, he or she **MUST** be returned directly to us. This is to ensure the safety of our dogs.

Adoption Fees: We are an individual, private rescue comprised solely of volunteers. All donations and adoption fees are applied toward care for our dogs, including vet bills, medications, follow-up visits, rechecks, and boarding expenses. Any donation or foster home is always welcome. Our rescue always appreciates assistance. Adopting is a lifelong commitment to your new companion. Additionally, many fosters become long-term commitments, and we prefer fosters who are dedicated to opening their home to a dog until that dog finds his/her forever home.

Pre-Adoption Deposits are NON-REFUNDABLE
